

Test Plan Development

Amir Shehata

Theoretical

Practical

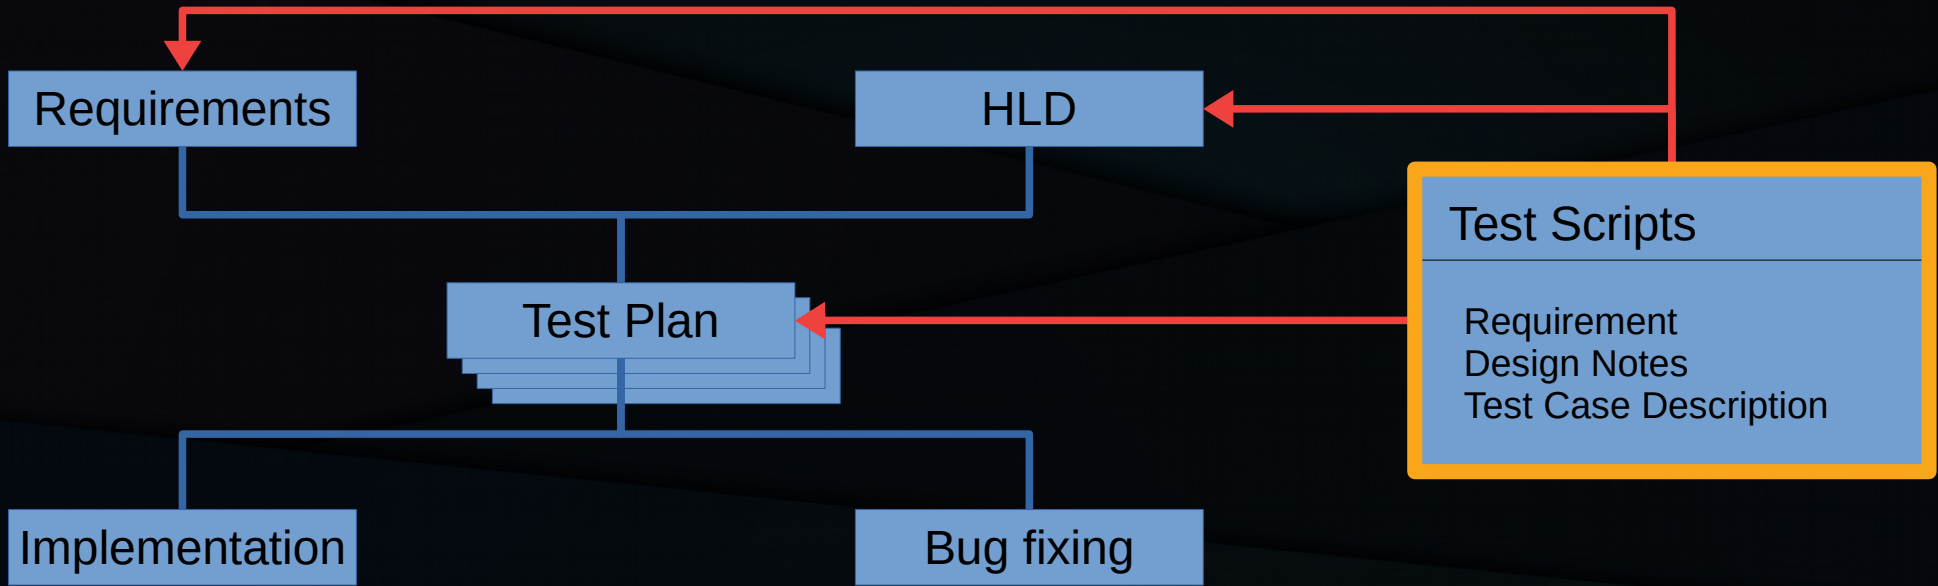

Fallout

- Multiple documents to maintain
 - Leads to documentation becoming stale
- Product evolves but documents remains stagnant
 - Maintenance is difficult
- More risk of introducing bugs

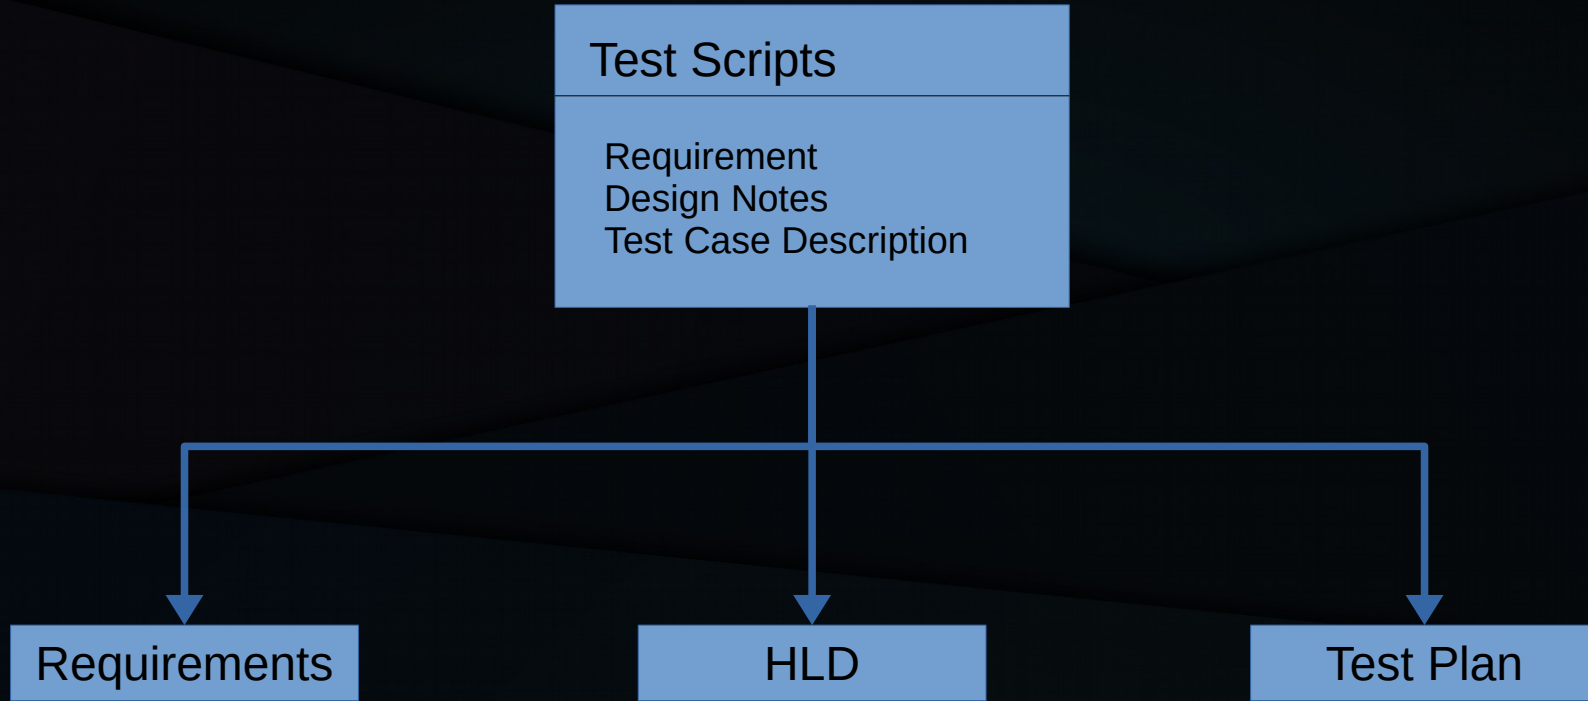

Criteria

- More documentation and process is NOT a good solution
- No Zero Effort solution exists
- Reduce cost of solution while maximizing the benefit

Proposal

Proposal

Caveat

- Documents might require
 - Diagrams
 - Other formats which is not easily represented in textual format

Caveat

General Explanation
Diagrams
Other formats

LUTF Generated Tabular
Description of the document
