

# Lustre Support Matrix

These tables show which versions of Linux distributions were used at the time of release testing. It can be possible to use some other variations. Please [contact us](#) if you are interested to confirm whether it is possible to get commercial support for something outside of these options. You can also try reaching out on the [Lustre mailing list](#) to see if other community members have experiences to share.

## Lustre Community Releases

### LTS Release Support Matrix

| Lustre Version | 2.12.0                             | 2.12.1   | 2.12.2   | 2.12.3                                       | 2.12.4                                       | 2.12.5                                       | 2.12.6                                       |
|----------------|------------------------------------|--|--|--|--|--|--|
| Release Date   | 2018-12-21                         | 2019-04-30                                     | 2019-05-26                                     | 2019-10-21                                   | 2020-02-11                                   | 2020-06-08                                   | 2020-12-09                                   |
| Server         | RHEL 7.6                           | RHEL 7.6                                       | RHEL 7.6                                       | RHEL 7.7                                     | RHEL 7.7                                     | RHEL 7.8                                     | RHEL 7.9                                     |
| Client         | RHEL 7.6, SLES12 SP3, Ubuntu 18.04 | RHEL 7.6, SLES12 SP3, SLES12 SP4, Ubuntu 18.04 | RHEL 7.6, SLES12 SP3, SLES12 SP4, Ubuntu 18.04 | RHEL 7.7, RHEL 8.0, SLES12 SP4, Ubuntu 18.04 | RHEL 7.7, RHEL 8.1, SLES12 SP4, Ubuntu 18.04 | RHEL 7.8, RHEL 8.2, SLES12 SP5, Ubuntu 18.04 | RHEL 7.9, RHEL 8.3, SLES12 SP5, Ubuntu 18.04 |
| e2fsprogs      | 1.44.3.wc1 or later                | 1.44.5.wc1 or later                            | 1.44.5.wc1 or later                            | 1.45.2.wc1 or later                          | 1.45.2.wc1 or later                          | 1.45.6.wc1 or later                          | 1.45.6.wc2 or later                          |
| ZFS            | 0.7.9                              | 0.7.13   | 0.7.13   | 0.7.13                                       | 0.7.13                                       | 0.7.13                                       | 0.7.13                                       |

### Major Release Support Matrix

| Lustre Version | 2.8                  | 2.9                  | 2.10   | 2.11   | 2.12*                              | 2.13                               | 2.14                               |
|----------------|----------------------|----------------------|--|--|------------------------------------|------------------------------------|------------------------------------|
| Release Date   | 2016-03              | 2016-12              | 2017-07-13                                   | 2018-04-03                                   | 2018-12-21                         | 2019-12-5                          | 2021-02-19                         |
| Server         | RHEL 7.2             | RHEL 7.2             | RHEL 7.3                                     | RHEL 7.4                                     | RHEL 7.6                           | RHEL 7.7                           | RHEL 8.3                           |
| Client         | RHEL 7.2, SLES11 SP4 | RHEL 7.2, SLES12 SP1 | RHEL 6.9, RHEL 7.3, SLES12 SP2, Ubuntu 16.04 | RHEL 6.9, RHEL 7.4, SLES12 SP3, Ubuntu 16.04 | RHEL 7.6, SLES12 SP3, Ubuntu 18.04 | RHEL 7.7, SLES12 SP4, Ubuntu 18.04 | RHEL 8.3, SLES15 SP2, Ubuntu 20.04 |
| e2fsprogs      | 1.42.13.wc6 or later | 1.42.13.wc6 or later | 1.42.13.wc6 or later                         | 1.42.13.wc6 or later                         | 1.44.3.wc1 or later                | 1.45.2.wc1 or later                | 1.45.6.wc5 or later                |
| ZFS            | 0.6.4.2              | 0.6.5.8              | 0.6.5.9                                      | 0.7.6  | 0.7.9                              | 0.7.13                             | 2.0.0                              |

\* Denotes feature release that is the current LTS release stream, using the latest LTS release is preferred.
