

# Community Resources and Mail Lists

## Community Organizations

Two Lustre community groups exist. Whamcloud participates in activities with both groups. Details of their activities can be found at their respective websites - [EOFS](#) and [OpenSFS](#).

## Mailing lists

There are two main Lustre mailing lists, and a second list for discussing Lustre development (features, coding, etc):

- [lustre-discuss](#) - usage, help, questions, configuration, best practices, ...
- [lustre-devel](#) - new features, coding, development tools, ...

[There are also several OpenSFS mailing lists](#) that focus on different OpenSFS activities

## Slack

The Lustre Slack channel is [Lustre Upstream Client](#).
